Hughes Interrogated

"Will he repeal the bank reserve act? Does he propose to revise the tariff upward again, as was done under Taft's administration, to the infinite disgust of the American people? Does he propose a hostile program of slaughter of thousands of poor, illiterate, ignorant, needy, starving people in Mexico? Does he propose to take up the Lusitania matter again and carry it further? Does he propose to take Mr. Roosevelt's advice and send an American army and navy to Europe for the assertion of Belgium's undoubted rights of neutrality? "He criticizes the taking of men 'out of their peaceful pursuits and sending them to the Mexican border! Does he mean by that he would repeal the national guard act just passed? If he does not mean that, what does he mean?"

## Notice To GAS CONSUMERS

It is the desire of the ST. JOSEPH GAS COMPANY, as announced frequently before, to keep its consumers informed as to any change in the gas situation. At this time the subject is the rate to be charged for natural gas.

On July 27th, the Honorable J. G. Slate, Judge of the Circuit Court, Cole County, Missouri, issued an order in part as follows:

"That a stay be and is hereby ordered of proceedings under the aforesaid order of said Missouri Public Service Commission, pending the determination of said petition of said Public Service Commission herein in this court."

Under the stay the ST. JOSEPH GAS COMPANY is authorized and forthwith can charge sixty cents per 1,000 cubic feet for natural gas. However, in spite of this right, we will not increase the price from our present net rate of forty cents per 1,000 cubic feet, without reasonable notice to our consumers.

We wish to state, however, in case the Cole County Court's decision is favorable to us August 28th, the price of gas will be increased immediately.

THE FEDERAL COURT, at our hearing in St. Paul June 26th, overruled the COMMISSION on all points in question as written in the Commission's order, and stated that our "proposed rate of sixty cents is far from being unreasonably high." At the present time, however, this rate case is set in the State Court for August 28th, we being the defendants.
